

Bootcamp de React

Clase #5: Estilizando con CSS.

Lists

Nos ayudan a renderizar un set de elementos con diferentes tipos de información.

map

filter

forEach

every

some

Keys

Key = “1”

Key = “2”

Key = “3”

Key = “4”

Key = “5”

Nota: Las keys deben ser identificadores únicos

Explanation about why keys are necessary: <https://robinpokorny.medium.com/index-as-a-key-is-an-anti-pattern-e0349aece318>

Keys

Key = "1"

Key = "1"

Key = "3"

Key = "4"

Key = "5"

Nota: Las keys deben ser identificadores únicos

Estilizar con CSS

Plain CSS

CSS Modules

CSS in JS

Preprocessors (SASS, PostCSS)

CSS in JS

Styled Components

Emotion

JSS

Stitches
